Personal and Confidential:

17th October, 1924

My dear President,

I had conveyed privately to the Soviet Agent here, Monsieur du Chayla, who is again raising the question of liaison between the Soviet Government and the League, the ^{last paragraph} ~~substance~~ of the note which you were good enough to communicate to me at the Assembly on the 8th September.

Monsieur du Chayla is of opinion that the assurance therein given would form a sufficient basis for a letter to be addressed by the Soviet Government to the Federal Government, asking for a Soviet representative to be allowed to come to Geneva to follow the work of the League, provided the Federal Government would agree to the following three lines being added to the formula which was contained in the note which you gave me:-

"en vue d'éviter que ne se reproduise
 "le regrettable événement de Lausanne,
 "et il lui assurera les immunités
 "nécessaires à l'accomplissement de sa
 "mission."

The last sentence of that note would,
 therefore,

Monsieur G. MOTTA,
 Conseiller Fédéral,
 BERNE.

SOCIÉTÉ DES NATIONS.

LEAGUE OF NATIONS.

therefore, run as follows:-

"Le Gouvernement de la Confédération
"suisse est sans doute, au surplus,
"disposé à prendre toutes les mesures
"de sécurité qui paraîtront indiquées
"dans l'occurrence à l'égard du
"représentant russe chargé de la
"mission dont il s'agit, en vue
""d'éviter que ne se reproduise le
""regrettable événement de Lausanne,
""et il lui assurera les immunités
""nécessaires à l'accomplissement de
""sa mission".

Believe me, my dear President,

Yours very sincerely,
