Dear Mr. Farooq Hussain,

thank you very much for your letter of June 6th, 1981, which you sent to the Swiss Development Cooperation's office in reply to my predecessor Mr. Serge Chappatte's letter of December 10th, 1980!

Our particular interest in the subject was in connection with the international year of the Handicapped.

Since it took you half a year to respond to the other letter and since the special reason for which we were considering to do something along the lines described in earlier correspondence has no longer any particular importance, I think it may be wiser to focus our attention on other areas of common interest!

Nevertheless I am passing your letter on to my headquarters leaving it up to my colleagues to follow up on this overly delayed matter or not.

I am sorry for this not very encouraging comment but would at the same time like to express my confidence on close cooperation on a wide range of other projects of technical cooperation.

Most sincerely

(Hans Schellenberg)

Attaché for questions of
Development Cooperation

*Well,
heute
Aktion*

Schellenberg sollte sich wohl eines etwas "diplomatischeren" Stils befleißigen. Die Gerichtsverluste, welche es gewissen heute zufügt, könnten sich in direkt später noch rächen...
