

Access to Fenix Services <https://fenix-ri.eu/access>

- Neuroscientists obtain access through HBP via the [HBP/EBRAINS Call](#)
- For researchers in need of:
 - **Scalable and interactive** computing resources
 - **Virtual machine** services
 - **Active and archival data** repositories
- Research areas:
 - Analysis of brain data for understanding brain function
 - Building multi-scale scaffold brain theory and models
 - Simulation of brain function
 - Brain-inspired computing, data analytics and robotics
