Nachhaltigkeit bei E-Zigaretten

Liebe Leserinnen und Leser

Nachhaltigkeit ist auch in der E-Zigaretten-Branche ein wichtiges Thema. Die Hemag Nova AG übernimmt Verantwortung entlang des gesamten Produktlebenszyklus, von unabhängigen Produktprüfungen bis zur kontinuierlichen Verbesserung von Prozessen und Sortimenten. Mit dem Wechsel von Einwegprodukten zu Pod-Systemen fördern wir einen ressourcenschonenderen Konsum.

Zudem engagieren wir uns über Verbände für praktikable und nachhaltige Branchenlösungen. Die Rückgabe und das Recycling ausgedienter Geräte erfolgen in der Schweiz über den von SENS eRecycling organisierten Recyclingkreislauf.

La durabilité dans le secteur de la cigarette électronique

Chères lectrices, chers lecteurs

La durabilité est également un enjeu important dans le secteur de la cigarette électronique. Hemag Nova AG assume ses responsabilités tout au long du cycle de vie de ses produits, des contrôles indépendants des produits à l'amélioration continue des processus et de l'assortiment. En passant des produits jetables aux systèmes à pods, nous favorisons une consommation plus respectueuse des ressources.

Nous nous engageons également, par l'intermédiaire d'associations professionnelles, en faveur de solutions sectorielles pragmatiques et durables. En Suisse, la reprise et le recyclage des appareils en fin de vie s'effectuent dans le cadre du système de recyclage organisé par SENS eRecycling.

La sostenibilità nel settore delle sigarette elettroniche

Care lettrici, cari lettori

La sostenibilità è un tema importante anche nel settore delle sigarette elettroniche. Hemag Nova AG si assume le proprie responsabilità lungo l'intero ciclo di vita dei prodotti, dai controlli indipendenti dei prodotti al miglioramento continuo dei processi e dell'assortimento. Passando dai prodotti monouso ai sistemi a pod, promuoviamo un consumo più rispettoso delle risorse.

Ci impegniamo inoltre, attraverso le associazioni di categoria, a favore di soluzioni settoriali praticabili e sostenibili. In Svizzera, la restituzione e il riciclaggio dei dispositivi a fine vita avvengono attraverso il circuito di riciclaggio organizzato da SENS eRecycling.

Olaf Cempel
Key Account Manager | Hemag Nova AG
